About Sthack

Conferences
250 Participants

CTF
120 Participants

Sthack is an annual security and hacker conference providing 24 hours of an interesting atmosphere for open discussions about security.

Organized in Bordeaux FR since 2011, Sthack offers a high quality line up of speakers and CTF (security challenges).

The philosophy of Sthack organizers is to combine security and epicurean!

10 Years !!!

For the tenth edition, we would like to thanks the most frequents attenders with a very special edition were they will be invited in a limited event.

We would like to focus on the quality proposed to everyone to make this event a great anniversary

Obviously, newcomers are always welcomed to grew up our community.

Sthack CTF

October 15th 6 PM to 8 AM (D+1)
Hotel de ville de Bordeaux
Place Pey Berland, 33000 Bordeaux

Ticket Price: Free

It gives access to the CTF, diner bag and beer if the barman is in a good day ;)

CTF are contests about testing skills on different categories like web, reverse engineering, exploitation…

It simulates the ethical hacking skills of the participants.

During the night, where hackers are at their best, teams are fighting against the tasks searching for flags.

Flags represent a confidential data that could be obtained by exploiting a vulnerability on the different tasks created by the Sthack team.

Sponsoring Rules

We gives sponsors visibility on our website and twitter account.

Nevertheless there are welcome to suggest anything to increase their visibility if it matches with Sthack philosophy.

All sponsors should join us to enjoy the party !

We accept sponsor starting at 1 000 €
